<b>Name:</b> _____	<b>Position:</b> _____
<b>Name:</b> _____	<b>Position:</b> _____
<b>Name:</b> _____	<b>Position:</b> _____

**Note:** A member which operates multiple offices may list one location in the directory in its primary location and the remaining locations as satellite office listings. In order to qualify as a satellite location, the location must be directly owned and operated by the member company. Subsidiary operations, franchise affiliates or sister entities do not qualify as satellite locations. Satellite office listings are defined as branch offices of the same corporation already having a paid Builder, Supplier or Professional membership in the Association. Satellites pay an annual \$285.00\* fee per extra location to receive additional copies of Association mailings and to be listed in the Association's directory. *Satellite office listings must have the same name as the original company, and must have the same company description in the membership directory.*

**\*Non-U.S. companies (with the exception of Canada and Mexico) should add an extra \$50.00 to cover additional postage and handling of membership materials.**

**I hereby certify that the above company fits this description, and that the information presented above is accurate.**

**Signed:** \_\_\_\_\_

**Note:** Check for \$285 (or \$335 for non-U.S. companies) must be enclosed for each application. Please mail completed application, along with dues, to the address shown above.
