

SAMPLE BID LANGUAGE REQUIRING A CERTIFIED BUILDER
Strict Requirement

The general contractor shall employ or engage a Certified Builder (Tennis, Track or Field) as certified by the American Sports Builders Association who will be present at the site regularly throughout the project to supervise and inspect all phases of the (tennis, track, field) construction project. The identity of the certified builders and documentation of their credentials will be provided with the bid documents.

* * *

The general contractor shall meet the requirements of the American Sports Builders Association to hold itself out as having a Certified Builder (Tennis, Track or Field) on staff, who will be present at the site regularly throughout the project to supervise and inspect all phases of the (tennis, track, field) construction project. The identity of the certified builders and documentation of their credentials will be provided with the bid documents.

SAMPLE BID LANGUAGE REQUIRING A CERTIFIED BUILDER
Alternate (Less Strict Requirement)

The general contractor shall employ or engage a Certified Builder (Tennis, Track or Field) as certified by the American Sports Builders Association who will supervise or exercise general oversight over the (tennis, track, field) construction project. The identity of the certified builders and documentation of their credentials will be provided with the bid documents.

* * *

The general contractor shall consult a Certified Builder (Tennis, Track or Field) as certified by the American Sports Builders Association who will supervise or exercise general oversight over the (tennis, track, field) construction project. The identity of the certified builders and documentation of their credentials will be provided with the bid documents.

If the certified builder is not a bona fide employee of the bidder, the certified builder will be present at the site regularly throughout the project to supervise and inspect all phases of the (track, tennis court, field) construction.
